eu sunt in vacanta! scoala este inchisa din 24 februarie. probabil vom lucra in iunie.
foarte bine pentru ca este o perioada de aplicatii la mai multe calls si am timp!
Eu sunt pozitiva, la inceputul vedeam numai psihoza generala care a fost difuzata de media, dar de fapt nimeni stie.
Cred si ca este o perioada foarte interesanta pentru a incepe de a gandi altfel!
sper intr-un fel de mutatie cerebrala..

va pup... nu, nu pot! 😘

Draga noastra, a ajuns intre timp si la noi... De ier biblioteci, baruri, cluburi, scoli, muzee, totul inchis pentru cel putin 4 saptamani... Macar vine primavara si totul infloreste pe linga noi. Ne uitam prin poze si iti trimitem o selectie in saptamana care vine, caci altfel decit planul nostru care prevedea sa petrecem o saptamana in tel aviv, o sa petrecem saptamana bine mersi in atelier si in toata concentratia caci nu mai ramane multe alternative de facut altceva...

Ai girja de tine, te pupam a&m

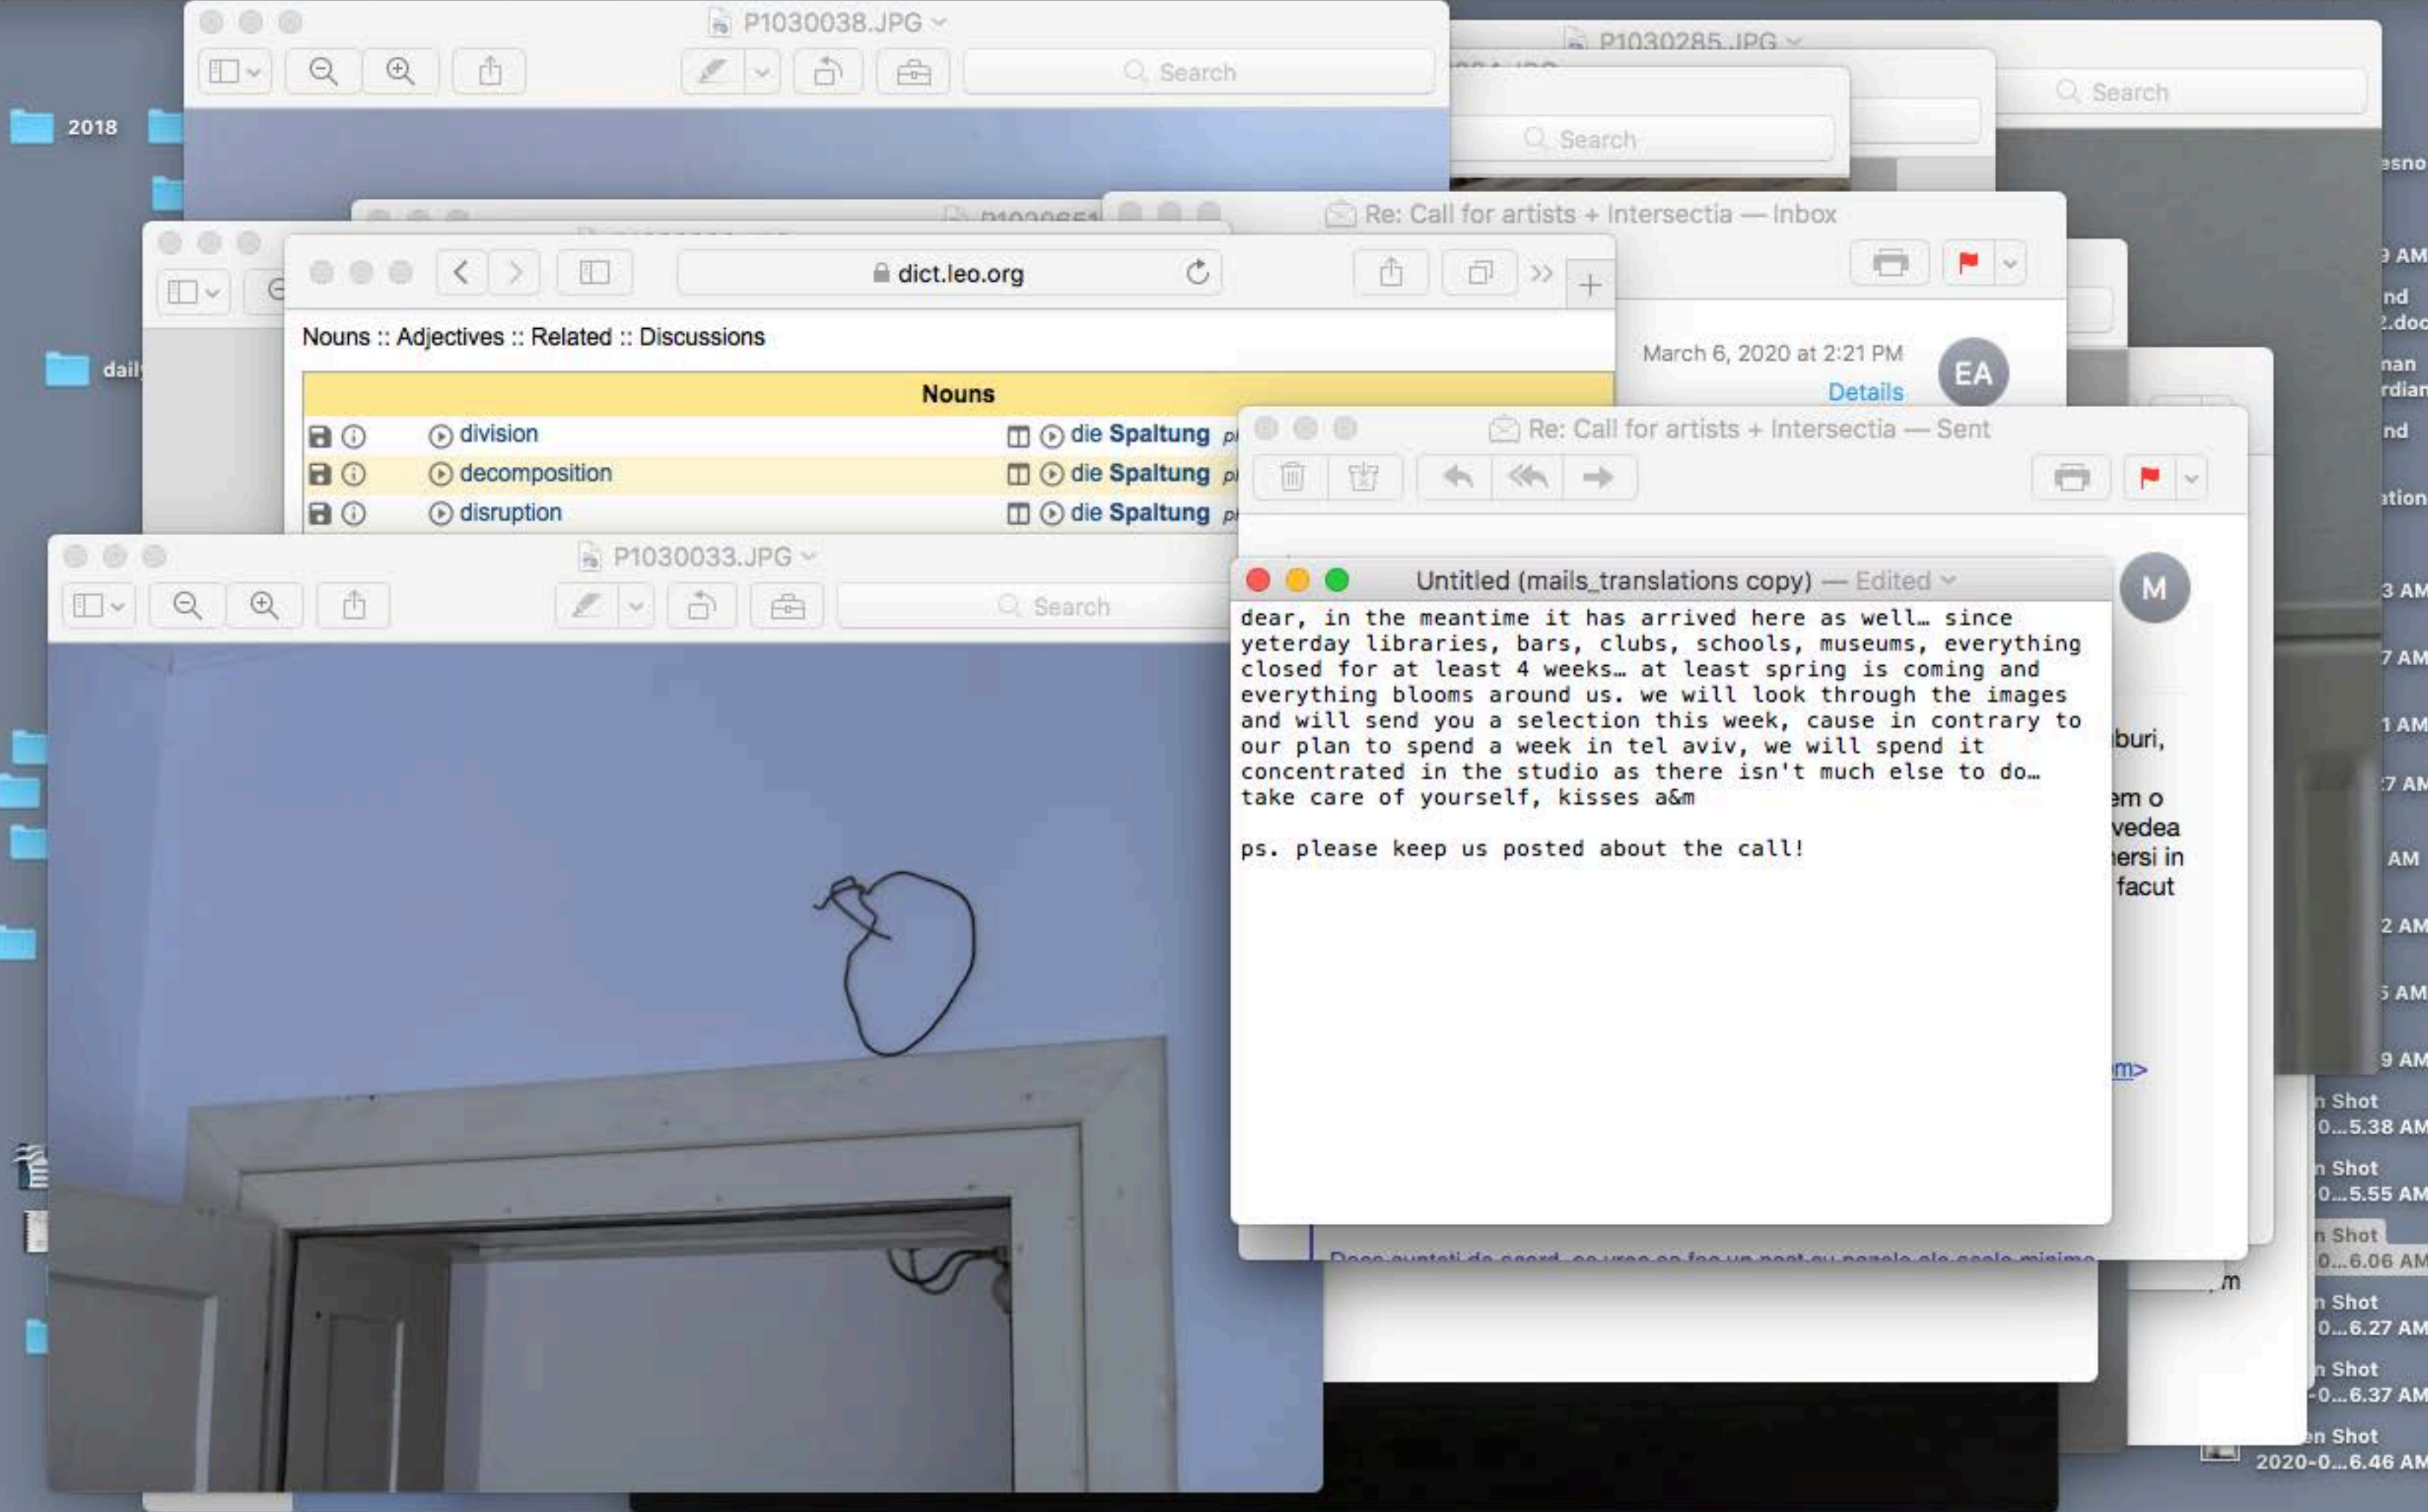

ps. te rog sa ne ti la curent cu call-ul susependat, ca suna foarte misto!

Dragi, va fi o perioada mult mai lunga decat ne asteptam!
 si noi suntem categoria pe care ne atinge cel mai putin..
 Me gandeam ca as fi avut timp sa citesc toate cartile care sunt cumperate si
 asezate frumos in biblioteca, dar atentia este adresata altundeva. Sigur voi
 incerca sa termin multe proiecte, texte, lucrari..

Ma gandeam, pozele pot sa fie impreuna cu textul despre care mi a vorbit Matei?

Va pup, sa aveti grija si voi. Perceptia situatiei va veni in timp 10 zile..

Emanuela

Dears, it will be a much longer period than we've expected! and we are the category that is least affected. I thought I would have time to read all the books I bought and that now are beautifully placed in the bookshelf, but the attention is directed elsewhere. For sure, I'll try to finish projects, texts, works..

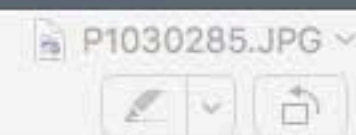

I was thinking, can the pictures be with the text matei told me about?

Kisses, and take care as well. The perception of the situation will come only in 10 days..

draga mea emanuela, m-am bucurat de whatsapp-ul tau de ieri; fiecare gest in zilele astea devine unul de grija. cum iti merge tie? tot urmarim cum sa desfasoara evenimentele pe la tine, si cum ai prevazut acum doua saptamani, a ajuns situatia si aici la berlin - numai iesim nici noi din casa. ne uitam obsesiv la numere, pare ca o competitie sureala, ca niste indici de bursa care tot scad si cresc, si nimeni nu prea intelege ce inseamna. parca sint expresia dorintei de a fi in control, ne confirma ca totus, cea ce numeram, putem si defini si denumi; frica ne este de realitatea care scapa printre numerele rostite si repetate zi de zi, din stiri in stiri. eu tocmai o astept pe andrea, care vine la mine - ignorind prescriptiile de siguranta...)) vrem sa terminam mica lucrare cu pozele care ni le ai trimis din bradeti, si ti-o trimitem asap. sint foarte curios cum o sa iti placa.

tie cum iti merge? insfirsit vine primavara, si noi o vedem numai ca la un televizor, prin rama ferestrelor noastre de la distanta. te pup si ai grija de tine, m

my dear emanuela, i was happy to receive your whatsapp yesterday; every gesture becomes one of care these days. how are you? we keep following how the events unfold around you and as you have forseen two weeks ago, the situation has arrived in berlin as well – we don't leave the house anymore. we obsessively watch the numbers, it seems like a surreal competition, as some stock market indexes that are falling and rising, and nobody really understands what it means. as if they are the expression of our desire to be in control, it confirms that what we are able to count, we are also able to define and name; what we fear is the reality that falls through the numbers spoken and repeated day by day, from news to news. i'm waiting for andrea who is on her way – ignoring the safety prescriptions...) we want to finish working with the images from bradet and we'll send them to you asap. i'm very curious how you will like it.

how are you? finally spring is coming, and we look at it like on tv through the frame of our windows from distance. kisses and take care of yourself, m-

Dragi mei, hai si se ne auzim, daca vreti!
 "frica ne este de realitatea care scapa printre numerele rostite si repetate" ... da, si unde ne duce capul, in aceasta situatie. Intre dezintegrare sociala si cerinta de control. Ce se repete fara sens este ca, oriunde ajunge virusul, nimeni nu a invatat nimic de la cei unde s-a dezvoltat mai inainte, pentru a anticipa masurile. Toti sunt convinsi ca la iei nu va fii ca la alti. Uitete la USA! Anglia, Franta.. Bineinteles, solutia inca nu exista, dar macar sa nu sa repete greselile! Pana acum eu sunt bine, dar nu stiu cum va fi pina in iunie! Si in Romania situatia nu este buna deloc. Cine stie cand pot merge acolo. Parinti vostri sunt bine? Nici voi puteti merge acum. Sper ca ei sunt in o situatia de siguranta. :)

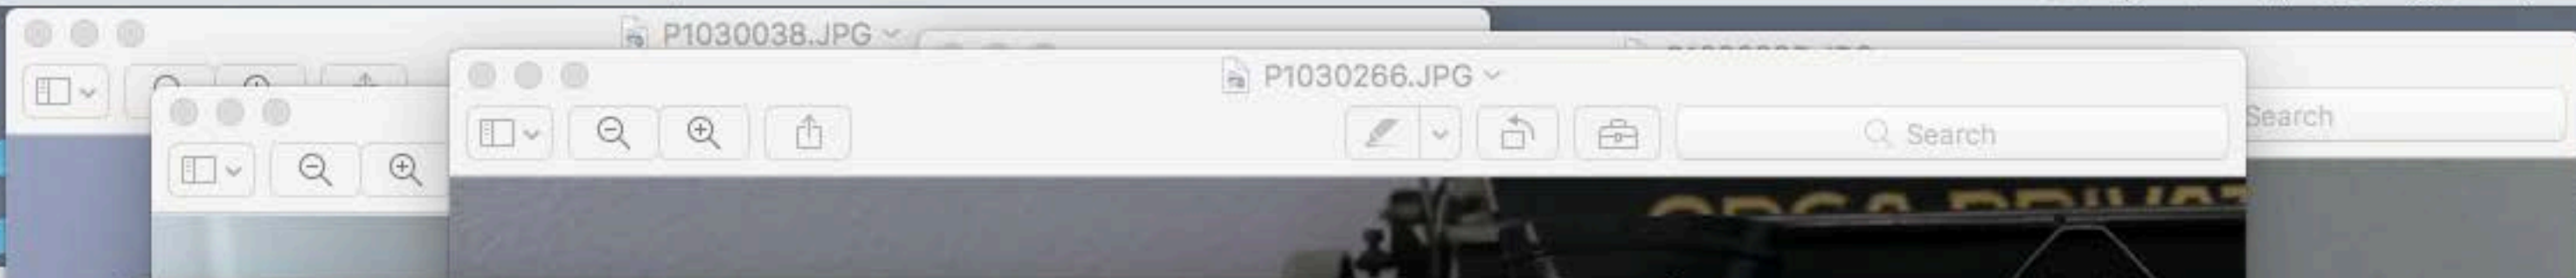

..... si sunt deja artisti care fac lucrarile cu vederi de la ferestre! Eu nu reusesc sa lucrez la nimic.. m-ar bucura daca imi trimiteti ceva. Crezi ca acele imagini sa potrivesc cu ceea ce mi-ai spus ca vei scrie? Vedem..

Va pup cu drag

Emanuela

My dears, let's talk if you like!

"fear is the reality that falls through the numbers spoken and repeated" – sure, and where do our thoughts go in this situation. Between social disintegration and the demand for control. Without sense it repeats itself that wherever the virus arrives, nobody learns anything from those where it got earlier, in order to anticipate measures. Everyone is convinced that for them it won't be the same. Look at the US! England, France... of course, there is no solution yet, but at least don't repeat the same mistakes!

For now I'm ok, but I don't know how it will be till june! The situation in Romania isn't good at all either. Who knows, when I'll be able to go. How are your parents? For the moment, you're not able go either. Hopefully they are fine and in a safe situation. :)

....and there are artists that make work from the view of their windows! I don't manage to work at all... I would be happy if you send me something. Do you think those images will work with what you told me you would write? We'll see..

Warmly,
Emanuela
